Hazards to humans and domestic animals

CAUTION

Causes moderate eye irritation. Avoid contact with eyes. Use adequate ventilation and avoid breathing dust. Wear a suitable dust mask approved by NIOSH/MSHA when using this product during prolonged exposure.

Directions for Use

It is violation of Federal Law to use this product in a manner inconsistent with its labeling.

Indoor Use

Earwigs, Millipedes, Centipedes, Silverfish, Cockroaches, and Ants: Lightly coat a thin layer of Concern Diatomaceous Earth Crawling Insect Killer in areas where these pests are found or may hide, such as cracks and crevices, behind and beneath refrigerators, cabinets, stoves, garbage cans and in and around sewer pipes and drains, window frames and in attics and basements. Dust insects directly if possible. Repeat treatment regularly.

Fleas: Thoroughly treat floor and bedding in and around pets' sleeping quarters. Treat surrounding cracks and crevices, baseboards, carpeting, and wherever fleas are suspect.

Carpet Beetles: Dust along baseboards, carpet edges, under carpeting, furniture, in closets and shelving where these insects are seen or suspect.

Outdoor Use

Ants, Cockroaches, Earwigs, and other Crawling Insects: Lightly coat a thin layer of Concern Diatomaceous Earth Crawling Insect Killer in areas where these insect pests are found such as patios, window and door frames and outdoor sills. Dust around foundations, along ant trails and around sewer pipes and drains. Repeat treatment as necessary.

Active Ingredients

Silicon Dioxide, From Diatomaceous Earth	85.0%
Other elemental oxides	10.0%
Moisture	5.0%

First Aid
